

Get going faster with priority diagnostics, comprehensive repair estimates, prompt communication and speedy repairs. Accelerated Service from Mid-State Truck and International helps you manage unexpected vehicle repairs.

#### OUR PROMISE: PRIORITY DIAGNOSIS & COMMUNICATION WITHIN TWO HOURS

Our participating Accelerated Service/Express Diagnostics locations give your vehicle priority attention. Within two hours of the vehicle's arrival, the dealer will provide a detailed evaluation of the repairs needed and comprehensive estimate. For many common repairs, the diagnosis and repair can be completed within the two-hour window!

Priority diagnostics and rapid communication help you make important decisions about the vehicle, routing and load management. Accelerated Service/Express Diagnostics delivers your truck road-ready fast.

#### HOW IT WORKS:

- **Guaranteed Priority Diagnostics:** Within two hours of arrival at the dealer, specially trained Express Diagnostics technicians evaluate the vehicle and determine the repairs required.
- **Parts Support:** Parts requirements are included in the Express Diagnostics evaluation. If parts need to be ordered, they are expedited to arrive as quickly as possible.
- **Communication:** Receive the diagnostics results and repair time estimate within the two-hour window. Repair status updates keep you informed of progress.
- **Satisfaction Confirmation:** A post-service survey assures that our Accelerated Service promise was kept and you are satisfied with your experience.

#### Available at:

Mid-State Wausau, Eau Claire, & Marshfield
