

COMPREHENSIVE OWNERSHIP SOLUTIONS

DELIVERING CONFIDENCE. MILE AFTER MILE.

International® Truck is a leader in helping fleets make the shift to the zero emissions future. We're committed to guiding you through every step, from assessing needs and planning charging infrastructure to solving utility roadblocks and training your workforce. Now we're helping you even more with a set of comprehensive ownership solutions included with all eMV™ Series battery electric vehicles (BEVs).

These solutions provide you with protective coverage on high-voltage components, wear components and the vehicle chassis—all backed by our extensive EV authorized service network. Plus, you get proactive service scheduling and support from a dedicated Uptime Advocate to coordinate and expedite your service visits. Together, this delivers greater uptime and productivity, improved efficiency and a lower total cost of ownership.

Our comprehensive ownership solutions take the stress out of BEV management, delivering the protection you want and the peace of mind you need.

Full preventive maintenance coverage, including high-voltage components, wear components and chassis

Proactive service communication and preventive maintenance scheduling

Work performed by highly skilled technicians trained on our electric vehicle powertrain

Zero-deductible extended service contract and towing coverage with no claims maximums

Advanced remote diagnostics and EV analytics reports

INTERNATIONAL® eMV™ SERIES

COMPREHENSIVE OWNERSHIP SOLUTIONS

PREVENTIVE MAINTENANCE

- ▶ Consistent, reliable, high-quality work across our network of EV authorized dealerships
- ▶ Complete PM coverage for high voltage and chassis components
- ▶ Extensive protection coverage on wear components
- ▶ Comprehensive annual multipoint vehicle inspection

UPTIME ADVOCATE

This is your dedicated resource to orchestrate and expedite your service and repair events including:

- ▶ Review repair history and identify open campaigns or calibration updates with the service location.
- ▶ Coordinate technical and field support and facilitate expedited parts shipments when needed
- ▶ Help facilitate timely communications and service progress updates to keep you informed

PROACTIVE SERVICE PLANNING

Our team will use remote vehicle health and performance data to support you in planning service events.

- ▶ You will receive communication in advance of upcoming service and maintenance needs
- ▶ We will coordinate with you to schedule service at a time and location that minimizes disruption to your operations
- ▶ This proactive approach will lead to FEWER and FASTER service events during your ownership cycle

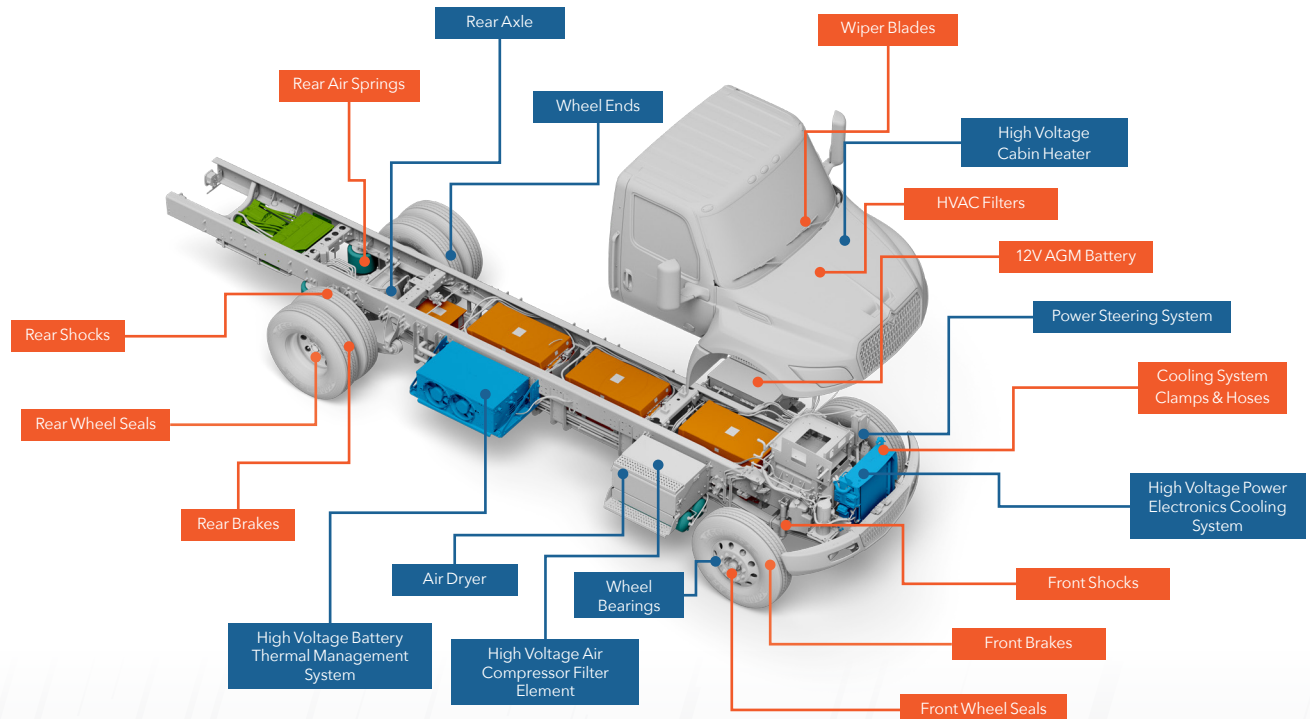

SERVICE CONTRACT COVERAGE

- ▶ Battery coverage: high voltage battery protection to 70% state of health
- ▶ ePowertrain coverage: all high voltage powertrain components
- ▶ Chassis coverage: Same areas of coverage as diesel-powered MV series, including basic vehicle high voltage components
- ▶ Towing coverage: up to \$1,100 reimbursement per incident due to warrantable failures
- ▶ Guaranteed \$0 deductible, 100% parts and labor, and no claims maximums

PREVENTIVE MAINTENANCE

WEAR ITEMS -

- ▶ Quantity dependent on length of contract

CHOOSE FROM 5 YEARS OR 6 YEARS OF COVERAGE
