

UPTIME ADVOCATE PROGRAM

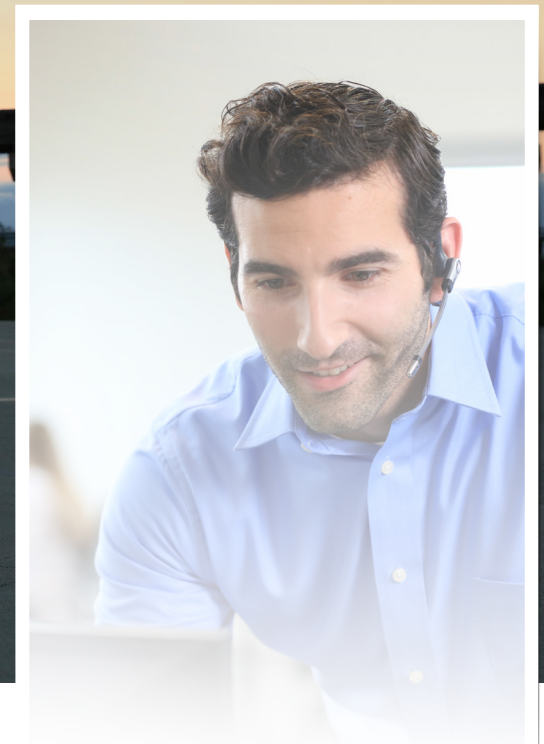

INTERNATIONAL® TRUCK

LET US HELP KEEP WATCH OVER YOUR TRUCKS

Your business is all about being efficient and you can't afford to have hard-working assets sitting on the sidelines. Therefore, we've reimagined fleet management based on what matters to you. Introducing the International® Uptime Advocate Program. Now, a second pair of eyes can monitor the health status of your fleet using OnCommand® Connection Advanced Remote Diagnostics and other connected technology, and communicate with you when issues occur.

This streamlined, single point of contact has one mission:
keeping your trucks on the road.

YOUR DEDICATED SUPPORT SYSTEM

This streamlined, single point of contact is dedicated to getting your trucks in and out of the service bay as fast as possible.

Your Uptime Advocate will:

- Help identify health issues early and determine how and when to address the issues
- Help ensure accuracy of labor and parts estimates
- Communicate the status of the vehicle throughout the service and repair process
- Review repair history, identify open campaigns, recalls or calibration updates
- Monitor the case file with the dealer service department to help coordinate repair support
- Coordinate parts procurement as well as technical and field support as needed
